School will use a Mobile Application **CampusCare®** to Communicate with Parents.

This app will allow teachers to easily communicate with parents

Parents will receive notifications of **Assignments, Homework, Question paper, Attendance, events, circular** and **Messages** from the teacher through this application. Parents can **Download** and **Print** the Assignments, circular, report cards etc received from the teacher.

Older classroom material will be available to parents through the Application Parents need to Sign-in only once.

Both Parents are requested to **DOWNLOAD** this **FREE** app on their phones

This application will enhance teacher-parent communication while supporting an e-learning initiative to reduce use of paper:
